

REMARKS/ARGUMENTS

Claims 1-6 are pending in the application. Claims 1-6 have been amended to place the language of these claims in better condition for prosecution in accordance with U.S. practice. Pursuant to these amendments, claims 3 and 4, originally written as "Use" claims, have been rewritten as method claims. Additionally, new claims 7 & 8 have been added to recite certain preferred embodiments of the invention, mention of which has been deleted from original claims 1 and 3, respectively. All of the claim amendments are completely supported by the application as originally filed and thus there is no issue of new matter.

Entry of this Amendment into the file of the present application is respectfully requested.

Respectfully submitted,
